

Over the Edge, Inc. of Idaho, USA to provide Bungee Jumping to the general public at “Go Fast Games 2008” from world’s highest suspension bridge.

We'll hook you up.

On 25,26,27 and 28 September 2008, Over the Edge, Inc. will provide bungee jumping from the world’s highest suspension bridge at 1053 feet to the general public as one of the featured attractions during the “Go Fast Games 2008.”

Jumps from a helicopter at greater heights cannot match the freefall effect and massive free-air recoil from the fixed anchor point provided by this bridge span. It may quite simply be the world’s best possible jump.

Over the Edge, Inc. invites veterans, friends and adrenaline junkies to bungee jump with their crew alongside the world’s greatest BASE jumpers and to enjoy the many other activities at Royal Gorge Bridge Amusement Park during the “Go Fast Games 2008.”

Jumps will cost \$400 each and may be reserved with a \$200 payment by credit card, check or money order. For a full advanced payment of \$400 Over the Edge, Inc. will throw in a complimentary T-shirt and post-jump crew appreciation party.

Jumps may be reserved by contacting us and proposing a time on one of the above scheduled days. Upon receipt of payment Over the Edge, Inc. will provide reservation confirmation. Balance due on jump day. Maximum weight limit is 240 lbs. Minimum weight limit is 100 lbs. Jumpers must be over 18 years of age and sign a waiver. All jumpers will jump ankle style using two separate ankle harnesses and a backup seat harness.
